Subject: NAEP Draft release

Here's the draft. Put what you want for the Governor's quote and let me know if you have any other changes. Our communications office will contact the media tomorrow.

If you need help with the data this afternoon, give me or Cindy Simmons a call.

P.S. We do have a summary on closing the gaps between males/females, white/Black, etc. There is a lot of information, but basically we have not made much headway as far as closing these gaps within the state.
